Grey Period Guidelines

The following guidelines apply to hopeful candidates and the General Body at large for the period from 25th July 2026 till further notice :

1. Any activity that can be categorised as campaigning will be dealt with serious penalties.

2. Mass communication with the General Body, including but not limited to root mails, social media messages or posts, and public announcements or meets, is not allowed until further notice.

3. Alliances may not be formed between candidates contesting for posts within the Students' Union. This restriction also extends to alliances between Students' Union candidates and candidates contesting for posts in the SSMS or the Sports Union. The formation of alliances will be treated as a flagrant violation of the guidelines and will result in an immediate cancellation of candidature.

4. The candidate(s) and their campaigner(s) may not mention the backing of the candidate by current or previous office holders of establishments, including but not limited to the Students' Union, SSMS, or the Sports Union.

5. The candidate(s) and their campaigner(s) are not allowed to solicit support from members of the electorate if they express displeasure or disinterest regarding the same. They may not force anyone to campaign for them.

6. The candidates for the posts of President and General Secretary are allowed to solicit support from members of only the 2024 and 2025 batches for inducting them into their

respective camps as official campaigners. Any such activity should be done on a strictly **one-to-one** basis. Evidence to the contrary shall invite serious repercussions to their candidature.

7. H-rep and D-rep candidates are allowed to solicit support from members of their electorate only, for inducting them as official campaigners. Any such activity should be done on a strictly **one-to-one** basis. Evidence to the contrary shall invite serious repercussions to their candidature.

8. Campaigners for any Students' Union hopeful candidate may not be campaigners for any other candidate, including candidates contesting for posts in the SSMS or the Sports Union.

9. For the posts of General Secretary and President, a candidate is entitled to have a maximum of **40 campaigners** (up to 30 male). Candidates for the posts of Hostel and Day Scholar Representative may have a maximum of **5 campaigners** of their electorate.

10. Hopeful candidates who currently hold offices as part of the Students' Union, the SSMS or the Sports Union, can continue with their day-to-day responsibilities as required. However, they are not allowed to take up any new initiatives or publicise any past ones until further notice. They may not attach their name or credentials to any such activity, and any existing instance of this must be removed at the earliest by 26th July 2026 EOD. Violations will result in penalties.

11. Once the call for nominations is displayed, prospective candidates can put forward their names following the procedure mentioned therein.

If there is any ambiguity or query regarding the guidelines, the Election Commission should be contacted via email to clarify the same.
